

Croydon Camera Club Newsletter – 5 July 2020

Chairman's Viewpoint

At the beginning of the year, when life was normal, a number of our members entered the Surrey Photographic Association Biennial exhibition. With entries from all around the region, the standard is high. That did not stop our club doing well and 12 of our entries by five members were accepted. That included a Highly Commended award for Bill Yates. SPA planned to hold the exhibition in Guildford during April, but we all know what happened to prevent that. SPA has now published the accepted images online at the link below,

<https://surreypa.org.uk/top-menu-pages/biennial-exhibition/>

Our season is drawing to a close but we have two special events coming up. On 15 July, Jack Bates FRPS MPAGB will be giving a talk about his photography. Then, after an interlude of a week, we will finish with a flourish on 29 July when we will be holding our friendly digital competition with the Malta Institute of Professional Photographers. Neither are to be missed and I am looking forward to both.

With 24 images from each side and a maximum of two per author, all members have an opportunity to contribute to our club's panel for our international competition with Malta. The work can be of any genre and we are looking for everyone's best photos, new or old. Since this is a new event, there are no restrictions on whether they have been seen previously.

The club invites everyone to submit their images for consideration. There is a new section in PhotoEntry called "MIPP Challenge - CCC Image Selection" to which up to three images can be submitted. The usual criteria, 1400 x 1050 pixels and sRGB colour space, apply. Entries close soon at midnight on 15 July, so do not delay.

Club Matters

Image Critique – 8 July 2020

The last of our image critiques for this season, this time with Al Buntin ARPS MPAGB. (Note that this is a change from the originally scheduled judge.)

"Exposed", a talk by Jack Bates – 15 July 2020

Jack usually illustrates this talk by using prints but has adapted it to digital for presentation online.
