**Competition  
Rules  
2013-2014**

## **INTERNAL COMPETITION INFORMATION and RULES** **(2013-2014 Season)**

Club members may enter various monthly and annual internal print and digital projected image (DPI) competitions held throughout the year. Slides will be accepted only in the special annual competitions and the slide category of club's annual exhibition.

The main objectives of internal competitions are to provide a means by which members can obtain feedback from experienced photographic judges, to provide an element of competition, and to provide some fun - all of which is aimed at improving standards. All competition entrants must be fully paid-up members.

### **CLASSIFICATIONS OF ENTRY**

There are two classifications of entry; Standard and Advanced:

**Advanced Class** – the required standard is that likely to consistently achieve acceptance at Open Exhibition level. Fellowship and Associate members of the Royal Photographic Society will automatically qualify for this class.

**Standard Class** – includes work submitted by all other members.

Each member shall compete in the same class for prints and DPIs.

New members will normally be placed in the Standard Class. If they consider they should be in the Advanced Class, they will be asked to provide a selection of images to the Competition Secretary who will arrange to have them assessed by Council.

### **THE CLASSIFICATION PANEL**

Standard class members who either win or are runners-up at the end of each season in the print or DPI categories will be invited to join the Advanced Class for future competitions.

Council may convene a Classification Panel for a Standard Class member to submit a set of 10 images for re-classification to the Advanced Class before the first Wednesday in September following the summer break. Members wishing for such re-classification should contact the Competition Secretary or Chairman.

## **MONTHLY COMPETITIONS**

All monthly competitions are run during September-May, without set subjects

Both print and DPI competitions are held over six rounds, with marks awarded for each entrant's best five rounds counting towards the award of the following trophies at the end of the season:-

The Pickford Trophy	for Standard Class prints
The President's Trophy	for Advanced Class prints
The Most Trophy	for Standard Class digital images
The Croydon Trophy	for Advanced Class digital images

## **COMPETITION MARKING**

The judge for each competition will comment on and give a mark to each image, up to a maximum of 12. All images achieving a mark of 10 or more will be awarded a certificate.

Members may enter up to three prints or DPIs in each round, but only the two highest marks per round will be included in the calculation of the aggregate score when all six rounds have been completed.

Competition winners will be those entrants with the highest total score in each relevant class, from five of the six rounds (i.e. at the end of the year each entrant's lowest round total will be disregarded).

## **IMAGE MANIPULATION AND PRINTING**

Manipulation is accepted in the print and DPI categories, provided all elements are created entirely from the member's own work.

Third party or professional printing, without manipulation, is permitted.

Slides, where applicable (see under Nature, Bamber Monochrome and Master Trophy competitions), must be the film original without digital manipulation.

Slides produced from digital images are not permitted.

## **REPETITION OF IMAGES**

An image may not be shown in both the print and DPI competitions during the same season. A previously submitted image that has not received a certificate and has since been modified may be re-entered (in the same or a different category) only in a later season.

## **COMPETITION DEADLINES AND SUBMISSION PROTOCOLS**

All competitions are scheduled to start at 8pm. The Competition Secretary (or his/her representative) has the right to refuse any entry received later than 8pm. Print entries should therefore be handed in no later than 7.45 pm.

DPI entries on CDs or memory sticks should be presented to the organiser no later than the meeting scheduled for seven days ahead of the competition round concerned. E-mail entries (addressed to [croydoncameracub@gmail.com](mailto:croydoncameracub@gmail.com)) must be sent no later than midnight on the final Saturday prior the event. DPI entries, however submitted, cannot be accepted if received after these deadlines.

All prints must be clearly titled and show the entrant's name and competition class. Prints must be mounted on card and unframed. Prints intended for consideration for **external** competitions (e.g. SLF and SPA) must be mounted on card measuring 40cm x 50cm, irrespective of the image size.

DPIs must be in JPEG format and sRGB working space, with maximum dimensions of 1024 x 768 pixels (WxH) in **landscape** format. **Portrait** images must have a height dimension of not more than 768 pixels (*see note at the end of these rules*).
